1. Synthetic Oil and Filter Change – Many vehicles since 2010 use synthetic oil, which has a longer interval than conventional oil. The 12-

month/10,000-mile interval is typical, but consult your manual to confirm the interval on your specific vehicle. 2. How long does a short service take? A short service will seldom take more than an hour or two and thus labour costs tend to be much lower than for a full service. As well as that, the parts that may need to be replaced at 12,000-mile intervals usually aren't big-ticket items the way they can be as part of a full service. Although many Seiko watch owners do not service their watches, and some even think of Seikos as being bulletproof, the official service interval for Seiko watches is 2-3 years. Seiko's official recommended service schedule: In Seiko's own words: "Periodic inspection and adjustment by disassembly and cleaning (overhaul) is recommended approximately once every 2 to 3

The full synthetic Toyota 0W-20 oil is a very high quality oil that should be much more than enough for 10k mile intervals. My Mercedes's oil life monitor wouldn't tell me to get an oil change until 13k miles most of the time. There are BMWs that go to 15k, and Porsches up to 20k.
